Natural Legacy is the beautiful and comforting alternative to a traditional coffin or casket. The lovingly woven outer layer, combined with the natural organic interior gives a feeling evocative of a Moses basket and an overall gentler goodbye.

Made using 100% British Wool, Natural Legacy's more rounded shape combined with the soft strokeable finish allows a less "final" experience for those left behind and can be particularly comforting to more sensitive members of a congregation.

Natural Legacy products are hand constructed on the same premises that has produced the outer woollen cloth for over 230 years. The woollen outer layer is carefully hand fitted around a strong recycled cardboard frame and delicately finished with natural organic details.

All of the materials in the coffins and ash caskets are readily biodegradable and suitable for both cremation and all types of burial.

Blue Stitch

Each coffin interior is generously lined with cotton, attractively edged with jute and completed with a soft padded mattress and a beautiful pure New Wool blanket, while the exterior is finished with a simple blanket stitch detail, jute handles and simple wooden toggle fastenings.

Natural Stitch

The ash casket from Natural Legacy is soft and multifunctional. The ashes are contained within a secondary internal box, which can be removed for scattering or burial, leaving the tactile outer shell to be used as a memory box holding precious moments and treasures.

Pink Stitch

Both the coffins and ash caskets are completed with a delicately stitched personalised nameplate, which is attached via two wooden toggles. Many families find it consoling to save the name plates as a keepsake following the funeral.

A Natural Choice

Wool is a fibre with a true 'green' lineage. An annually renewable and truly sustainable resource it is Mother Nature's own SMART fibre, highly functional and perfect for multiple uses whilst being fully biodegradable without causing damage to our precious planet.

Gentle on the eye and soft to the touch Natural Legacy coffins and ash caskets are loved by families for the gentler goodbye that they allow.
